

2013 DYC SUMMER SERIES

Table with columns: FLEET/BOAT, PEAK1, BUFFALO, TIMBERLINE, STARS-BARS, PTARMIGAN, PEAK7, MT-ELBERT, COLORS, TOTAL, SUB T/O TOTAL, Total # Races, X 17.5% = #TO, PLACE. Rows include categories like ENSIGNS, ETCHELLS, J22, J24, and STARS.

*1.57 = Average over races to date. Kresge at Star Worlds

- 1. Participants listed paid their full season dues (and therefore were scored)
2. DNCs = Registered fleet +1 (final season fleet size was re-applied retroactively to early season scores...)
3. In order to achieve these scores, NON-SUMMER SERIES participants in individual regatta weekends, were removed from scoring...
4. Total number of throw-outs (per Sailing Instructions) was calculated by taking the number of races run by that fleet, multiplying by 17.5%, and rounding down the nearest whole number.
5. Throw-outs are indicated in RED
